Arc Health is a mission-driven social healthcare enterprise and actively seeking physicians and other advanced practice providers of multiple specialties to join us in serving rural, underserved, and Tribal communities. In underserved, rural communities in the United States and around the world, there is a near-universal relationship between persistent poverty and a lack of dedicated and qualified healthcare providers.

This is an opportunity to join an early-stage organization that aims to disrupt the large temporary medical staffing industry. This opportunity will allow the right leader to shape and transform Arc Health as we establish a strong rights-based, social mission into the locum tenens space.

Permanent and contract positions are available to providers through four career pathways. Arc Ambassadors- salaried, one year commitment; Arc Shares- salaried, 6-12 month commitment; Arc Link- hourly, part-time commitment, and Arc Independent- hourly, 1099 independent contractor relationship, best for intermittent work. If you have further questions about our pathways, please email us at ethosbuild@archealthjustice.com.
